

## Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

Read more about Early Journal Content at <http://about.jstor.org/participate-jstor/individuals/early-journal-content>.

JSTOR is a digital library of academic journals, books, and primary source objects. JSTOR helps people discover, use, and build upon a wide range of content through a powerful research and teaching platform, and preserves this content for future generations. JSTOR is part of ITHAKA, a not-for-profit organization that also includes Ithaka S+R and Portico. For more information about JSTOR, please contact [support@jstor.org](mailto:support@jstor.org).

GENERAL.

KARTENBEILAGEN.—The map supplement to the *Geographen-Kalender*, 1904-1905. By Prof. Paul Langhans. Justus Perthes, Gotha, 1904.

These 16 maps, in colours, illustrate, for the most part, important events of geographic or economic interest during the past year. They are: 1, Steamship connections in the western part of the Baltic Sea; 2, The Ofoten R.R. across northern Sweden and Norway, from Luleå on the Baltic to Narvik, at the head of Ofoten Fjord on the Atlantic; 3, The Ethnographical conditions of Macedonia and the territory of the recent uprising; 4, The Petroleum Pipe Line across Caucasia from Baku to Batum; 5, The Water Pipe Line from the Darling Mountains, Western Australia, to the Coolgardie Gold Fields in the desert, with the proposed extension to the Calgoorlie Gold Fields, and an inset showing the positions of Tumut and Bambala, one of which is expected to be the capital of the Commonwealth of Australia; 6, Two maps (a) the French-Ethiopian R.R. completed from Jibuti to the neighbourhood of Harrar, and to be extended to Addis Abeba, and (b) the new boundary between Erytraea, Abyssinia, and the Sudan; 7, The New Alaskan-Canadian Boundary; 8, The New Republic of Panama and the Development of the Colombian States; 9, The New Chilean-Argentine Boundary; 10, Routes of the South Polar Expeditions, 1902-'03; 11, Ship and Sledge Journeys of the English South Polar Expedition, 1902-'03; 12, The Swedish and Scottish South Polar Expeditions; 13, The French Expeditions in the Lake Chad Territory; 14, Hanbury's Journey through the Barren Grounds of Canada, 1902; 15, Prof. A. Wichmann's Journey in New Guinea, 1903; 16, Lands the maps of which are entirely new, largely redrawn or corrected up to date in the Ninth Edition of Stieler's Hand Atlas.

## BOOK NOTICES.

*Nuestras Colonias en Guinea. Consideraciones Técnicas, Sociales y Políticas por Federico Montaldo, Vocal y Médico que fué de la Comisaria región de España en el Africa Occidental (1901). Madrid, Imp. y Lit. del Ministerio de Marina, 1902.*

Señor Montaldo has reprinted in this pamphlet of 90 pages an address delivered before the *Real Sociedad Geográfica* on the subject of the Spanish colonies in Guinea, their maladministration and their worthlessness. He succeeds in proving to his own satisfaction—and no one can doubt his competence in the matter—that
